Dear Harold—

I am glad to hear that the Lloyd Weinrib rumor had no real foundation! That is a relief. Do let me know when you get word on the date for the telecast & that it can be taped.

Surprised to hear that Lipton is with Rangers again — they had parted coldly, I understood. So now it is December! I'd been told Nov. "for certain." My opinion of the Rangers people is at a new low —

(Over)

they owe one person a substantial sum of money for work and travel undertaken at their express request on a reimbursable basis — and have been refusing to pay, pleading "poverty."

Will be in touch again soon.

My best —

Sylvia

P.S. I did not have time to call Collier & he hasn't tried again.
